sere interred. THE EMPRESS OF MEXICO.—A letter from Belgium gives some interesting particulars of the unfortunate Empresa Charlotte :- During the last three months she has not promonned the name of Maximilian once, either in a state of lucidity or madness. Mexico seems to have been completely effaced from her memory. The m inttacks of nuclaces are rare, and fortunately of - abort duration, and always produce the same - laymptoms -viz that the place is durie. The Empress whilst passing through the palace will er stop suddenly and say, "It is very filty here: one quickly, an let as clean it." The servants. n an instructed, immediately procure south and e water, and proceed in scrub the part indicated. This baying been done, the Hopress retires perie ectly satisfied, and the attack is over. is like with the Snider Ritle has unfortunately I shown that it is not the perfections that it was looped It is bound that most of the rifles which

THE SNIDER RIFLE .- Another season's proc. have gone through much practice have become dantiged, or rather colorged, at the seat of the base of the cartridge. The cartridge therefore, fits bosely into the rifle, which is no longer fixely closed by the breech-piece, the consequence being in exape of gas un the explosion of the cartridge, which has, in several instances, blown open the breech piece, and in some cases destroyed it. This mountisficiery result is owing to two defects of construction—firstly, that the breech piece lies in its phase merely by its own weight, and is not fastened down, as in other breeds loaders and. henoughly, that the horse of the cartridge has been alteredito make a cheaper article), and is now. mot sufficiently strong to resist the explosion of the powder, The Committee on Small Arms, under the presidency of Earl Speacer, whose labours will extend till the autumn. may be relied upon to decide which is the hest arm to he put is the bands of the soldier.—The Owl. THE MOON AND THE WEATHER -If any marked connexion existed between the state of the air and the aspect of the moon, it must ith return of births, deaths, and marriages, issued by the Registrar-General, a table is given. every day of the year, and a column is set apart

nie inevitably have forced itself unsumflit upon the attention of meteorologists. In the weekly showing all the meteorological elements for for noting the changes and positions of the moon. These reports extend backwards nearly is quarter of a century. Here, then, is a repertory of data that ought to reveal at a glance Thuy such connexion, and would certainly have the done so had it existed. But no constant relations between the moon columns and those conthe traced. Our meteorological observatories furab, mish continuous and m.broken recouls of at-[3] series of years, these afford still more alongdon't means for testing the validity of the lunar hypothesis. The oblation has frequently been made for apecial points in the inquiry, and cerbetween certain positions of the moon in her orbit and certain instrumental aveniges; but so angull are the effects truscable to lunar influence that they are almost inappreciable among the grosser irregularities that arise from other and As yet unexplained camers. - Ouce a Week! THE ABYSINIAN BALANCY-SHEET, .- The Timeriat length following the feeling of the in glad the accounting its own bad scritiments) ginian Expedition is extremely short. We have spent live unlines of money, and that is all. We have lost hardly a man by disease or woulds, and the harne among the baggage animula je, we presente, included in the Bill. For this sum we have discharged a national duty. and resented our countrymen and their companions from a terrible captivity. We have carned

the applicate and adminition of Europe, not only by our success, but by our disinterestedness. We have learnt some lessons in the art of war, at any rate, in militury organisation.
Lutius for any modificatal fenita of the organisation. there was never surely enterprise so barren. It. is fortunate that we need give ourselves but little concern about the political complications which may follow the expedition. We have, at any rate, done the Abyssinians no harar. On ng the contrary, we have left a good deal of mimey ere in the country, and perhaps some notions of . be fair trade besides. We have made a trank road. a which will hast for denturies, and we have presented the population with the spectacle ke, in a railway and the solid gift of a stone pier. THE USE OF EXPLOSIVE RIPLE SHELLS IN hat the Bassian Government is understood to H buye taken a remarkable step in the interests

and of humanity. For some years ingenious man at have tried to derive a shell bullet which might dit. become available for the rifled masket. Now. jes in shell is a most destructive missile, and a half tis of shells from broach louders would be like the blast of Joith. There can be no remon why. fall if effective for the purpose, explosive bolts. e should not be used to blow up ammunition aris waggons; but the use of such tenring and riving projectiles against human bidles is revolting to the conscience. Yet it is difficult to ker say why, if kultuw shot may be thrown from connon, hollow bullets may not be fired from

rill a. Perhaps the resson is that, whereas the ien solid ball is certain to disable what it strikes. the shell-bolt is almost certain to kill; that, therefore, it is two effective, since the end of a hattle is gained as surely by putting the enemy es | hota de combat as by slaying bits outright. The by exasperating such, would tond to bring book beriegens practices. Prince Gortchakoff suggears that the Powers should hind themselves not to use rifle shells, and the Emperor Napotem, for me, has readily accepted the proposal. THE ERCIAL INTELLIGENCE

Hongkong, Monday Evening. There was some little activity at the opening ral of the ukarket for Bengal Drug to day, and under speculative operations Patha changed hands at \$657% to \$640, out and on time. Benares \$4271 to \$630. At these rates more cellers colning forward, and the natives having sup lied their wants, the market declined a little. The etcamora Clesupple and Lightning have about 2,950 obests for this place. The P. A. Gibb and Discer expected within a week or ten days, are likely to bring a couple of hundred chests. The out-turn of the crop of the stagon 1867-68 consists of about 25,100 chie Patna and 1800 chor's Benares, total, 43,000 chests. but there is a reserve stock for 1869 out of last season's crop beside, which will bring the total quantity to about 45,560. Whether the Government will make up the definiet so as to complete 25.000 cheats according to the Budget. nublished of the erop of 1868 and 1869, is not tie as yet known. A memorial on this subject had been addressed to the Government by a certain elass of spoulators in Calculta, asking for my 48,000 cleats. The following are to-day's Il closing rates, with more sellers than buyers:-Patna \$625 to \$6371, and \$640 to \$6421, on three weeks' finie 8th sales to arrive. Benarcs er 4625 to \$6275, wenk. Malwa \$655 to \$660.

d little doing. ect The situation of commercial affairs in this follow seems really to be getting worse and worse every day, so far no netdal trade is comle appears to be less chance every day of selling the goods. The Chinese are most unwilling buyers even at their own terms of low prices and long credit, whichler from a want of money of It is dizinglimation to by in any stocks beyond their actual requirements does not seem to be very o clear. It is however, a well established fact within the hist two weeks that they will not and do not huy, Beyond a small ich sale of Raw Cutton of 100 bales Bombay Striple nis.
